Blue Dental PPO Extra With Vision

2018 plan year

Overview

About this plan

Get three great features with one plan: Dental coverage for kids and adults, lower costs at the dentist, and vision coverage for adults. This plan covers 100 percent of the cost for preventive care at a preferred network dentist. Youll also pay the least for services like fillings compared to our other plans.

Availability

You can buy this plan if you live in any Michigan county.

Unlike most other Blue Cross plans, Blue Dental PPO Extra with Vision isn't available on healthcare.gov.

Plan type

PPO. For dental care, you can go to any licensed dentist and this plan will share the cost. But you'll pay less if you see an in-network dentist.

VSP. For vision care, you can go to any eye doctor and this plan will share the cost. But you'll pay less if you see a VSP eye doctor.

Who's covered

This plan covers dental care for all ages.

Vision coverage is for adults age 19 and older as of plan effective date. Why doesn't this plan cover children? Because of health care reform, all medical plans you purchase yourself must include pediatric vision care.

Monthly premiums

To give you an accurate price, we'll need some information. Find a plan to get a quote.

Deductible for dental care

Class I services have no deductible. There is a deductible for Class II and III services only. Class IV is not covered.

In network	Out of network
One member: You pay $0. Two members: You pay $0. Three or more members: You pay $0.	One member: You pay $50. Two members: You pay $100. Three or more members: You pay $150.

Coinsurance for dental care

In network	Out of network

Annual benefit maximum for adult dental care

In network	Out of network
$1,200 for each adult	Up to $1,000 of the $1,200 in-network total can be used toward out-of-network care.

Annual out-of-pocket max for pediatric dental care

In network	Out of network
One member: You pay no more than $350. Two or more members: You pay no more than $700.	Not applicable

Adult vision care

Coverage includes:

- One eye exam each calendar year
- One pair of standard frames every other calendar year

You choose between coverage for prescription glasses (lenses and frame) or contact lenses, but not both:

- Contacts covered once each calendar year, or
- One pair of standard lenses covered once each calendar year

Costs include:

- Copay starts at $10 for an eye exam by an in-network provider.
- If you go to an in-network provider you pay the difference for frames or contacts that cost more than $130.

See vision tab for details.
