It's important to have health insurance even if you're between jobs or thinking about early retirement. That's where My**Priority**® Short-term PPO plans come in. With three deductibles to choose from, we offer a full range of benefits, customizable for you and your family.

Our short-term plans can protect you with up to three months of coverage, including:

Doctor's visits

Once you meet your deductible, you will only pay a percentage of the covered charges.

Urgent care and emergency care

You'll have the security of being covered anywhere in the world if the unexpected happens.

Prescriptions

Get the medications you need for less with our discounts on thousands of generics and brand-name drugs. When you use our in-network pharmacies, you'll start saving right way, even before you meet your deductible.

Choices

See any doctor when you want and save the most when you choose one in our extensive PPO network.

**Under federal regulation, this short-term, limited-duration policy must expire less than three months after the original date of the contract.*
